Manufacturer:	nVent Thermal Belgium N.V Romeinse straat 14 3001 Leuven Belgium Telephone No. 003216213545
---------------	---

Due to the lack of any European Harmonized standards for electrical heat tracing products Vent Thermal believes that the above-mentioned products are all exempt from the Construction Product Regulation (CPR / CPD) until the date that there will any harmonized standards published in the official Journal (OJ) of the European union. Furthermore, Heat Tracing systems are not a structural nor necessarily a permanent part of a building, they are usually add-on. Or in case of floor-heating embedded in non-flammable floorings.

Of course, as the market Leader, nVent thermal will closely monitor the future developments closely and will therefore be assisted by suitably accredited notified bodies. In any case, nVent Thermal will assure that all legislative and product quality and safety requirements will be met. In case of questions or doubt please contact the undersigned or your local nVent Thermal representative.

The performance of the product identified above is in conformity with the set of declared performance. This declaration of performance is issued, in accordance with Regulations (EU) No 305/2011, under the sole responsibility of the manufacturer identified above.
